

GREATEST ON EARTH

Will be the Formidable Fleet of Warships Gathered Together

Under the Stars and Stripes.

obilization With Admiral Dewey in Command, Will be Conducted on a Larger Scale Than Ever Before Attempted by the American Navy.

Washington, D. C., Nov. 21.—There is now assembling in the Caribbean the most formidable fleet of warships ever brought together under the Stars and Stripes. Within a few days Admiral Dewey will hoist his command on the flagship of this big fleet as commander-in-chief. The general plan of the maneuvers similar to that pursued in the North Atlantic off the coast of New England last summer, but the present mobilization is to be conducted on a larger scale than ever before attempted by the American navy. Secretary Moody and the president believe in practical drills—exercises that prepare the officers and men for the possibility of a foreign foe sending a fleet against the American shores. The "search problem" is to be the feature of the programme. A naval base has been established on the island of Porto Rico. For several weeks past, coilers and supplies have been reorganizing in the vicinity of the island. Admiral Dewey is commanding the South Atlantic squadron, and Admiral Crowninshield, commanding the European squadron, are now on their way to the "seat of trouble" Admiral Sumner, being the senior, is to have command of the combined squadrons. The plan is to have the combined South Atlantic and European squadrons operate against the North Atlantic fleet in a "search" or "scouting" problem. In the proposed search problem, Rear Admiral Higinson will be advised that a hostile fleet has left Europe, and will combine with another in Southern waters with a view to making an attack on some of the American possessions. The search problem having been concluded, all the squadrons together with a number of detached vessels, will assemble off Cuba under command of Admiral Dewey. About two months will be devoted to naval evolutions, according to a program which has been formulated by the General Board of the Navy, of which Admiral Dewey is president. After the maneuvers, there will be a general reorganization of the naval forces in Atlantic and Pacific waters.

UNCLE MARK GAVE ORDERS

That Burton Should be Turned Down for Speaker

because He Dared Oppose the Big Boss at the Time of the Convention Last Summer.

The Ohio Delegation Ordered to Support Cannon.

Columbus, O., Nov. 21.—(Special)—Uncle Mark as the Ohio congressional delegation is concerned the Buckeye state have no candidate to succeed Senator Henderson, as speaker of the Ohio house of representatives. The delegation here yesterday and reached a conclusion as to the preference of the Ohio delegation. Out of 17 members elected the Republicans of Ohio, only 11 are present, and these were reinforced by the telegraphic instructions of Messrs. Warnock and Kyle, who are detained. The sentiment of the delegation seemed very pronounced for Cannon, of Illinois, and while no vote was taken direct the impression given out that the Ohio members are willing that the speakership should go further west to Congressman Burton, of Cleveland.

PEED TRIAL WON BY THE ALABAMA.

ie Cincinnati, With a Handicap, Finished Last Midnight.

n Juan, P. R., Nov. 21.—With a handicap of 35 miles, the cruiser Cincinnati finished the great ocean race to Hampton roads to Cuba Light last night. The battleship Alabama carried off first honors by class, defeating the Keokuk.

CONGESTION Of Freight Traffic Will Soon Hurt Steel Business.

Pittsburg, Nov. 21.—If something is not done to relieve freight congestion here by the middle of next week, the mills and furnaces of the Carnegie Steel Co., at Homestead, Duquesne and Braddock will have to shut down as the mills are unable to get raw material.

SEASON OPENS With a Game Between Racine and Indianapolis.

Racine, Wis., Nov. 21.—The Western Roller Polo association, one of the strongest organizations of its kind ever formed in this country, begins its season here tonight with a game between the Racine and Indianapolis teams. The season is to continue until the latter part of March. The cities embraced in the membership of the association are Racine, Wis. and Richmond, Elwood, Anderson, Muncie, and Indianapolis, Ind.

FLOWER PARADE One of the Most Beautiful Ever Witnessed.

Houston, Texas, Nov. 21.—This was the big day of the Houston carnival and the floral parade which was the star feature of the program, was the most elaborate affair the kind ever seen in this part of the country. Scores of automobiles, carriages, bicycles and other vehicles were in line, all of them lavishly decorated with a variety of flowers. The parade was witnessed by thousands of enthusiastic spectators, including many visitors from out side the city.

OVER A MILLION Has Been Expended on Insular Improvement.

Washington, Nov. 21.—The annual report of Colonel Clarence R. Edwards, chief of the bureau of insular affairs, made public today by the secretary of war, shows the bureau expended on account of the insular government in the Philippines during the past year, \$1,039,954.54.

TOBACCO CROP

Is Expected to Bring Better Prices This Year.

Hartford, Conn., Nov. 21.—Damp weather has enabled tobacco growers to take down the 1902 crop. Stripping is general and many crops are in perfect condition. Late tobacco suffered from poleweat and in several localities excessive moisture early in October resulted in mold. The ten-day Sumatra crop has cured finely, and growers expect better prices than were procured in 1901. The sales are below the usual volume, but growers expect remunerative prices before spring.

GREAT SWINDLE

Which Netted the Perpetrators Millions, Is Brought to Mind by the Arrest of One of the Alleged Swindlers.

Lisbon, Nov. 21.—A French woman was arrested here today, suspected of being Madame Humbert, wanted by the police of Paris, in connection with the famous Humbert-Crawford swindling episode which netted the swindlers millions. The woman's identity has not yet been positively established. The swindle was the greatest ever accomplished in France.

WRESTLING

Is Popular Since Boxing is a Dead One.

New Yorkers Will Have an Opportunity to See a Good Match This Evening.

New York, Nov. 21.—Since boxing was put under the ban in New York the sport of wrestling has probably attracted more attention in the metropolis than anywhere else in the country. A series of notable contests on the mat has been arranged for the winter season, the first being a match between John Piening the Graeco-Roman wrestling champion of America, and George Bothner, the American catch-as-catch-can champion. This contest is to be decided tonight at the Grand Central Palace. Under the terms of agreement Piening, in order to win the match, will have to throw Bothner four times within one hour, catch-as-catch-can style. Since the articles were signed both men have been training faithfully with the result that they appear to be in condition for a hard contest.

BICYCLE MEN

Consider the Proposition of Boosting the Prices.

Cleveland, Nov. 21.—The trust and independent bicycle manufacturers are conferring here today with a view of raising the prices of bicycles. It is claimed at the present prices, with the small demand for wheels, business is unprofitable.

LIVES OF INIQUITY

On Part of Many Girls, Still in Their Teens, Brought to Light Through Raid in Philadelphia.

Philadelphia, Pa., Nov. 21.—Revolted by the details rehearsed at Central police court beginning shortly after noon today, when forty prisoners out of the 112 captured in last night's raid upon alleged houses of shame, were arraigned. Many of the prisoners were young girls, still in their teens, who, it is alleged by the German consul, Rabbi Joseph Krauskopf, and others, were enticed from their homes in foreign lands to come to Philadelphia under pretense of securing honest employment or husbands. It was the most gigantic raid ever made in Philadelphia. The case were all continued to next Tuesday.

SHOT HIMSELF

After a Fruitless Attempt to Murder a Girl.

Ann Arbor, Nov. 21.—G. A. Darling, a school of music student, attempted to murder Miss Bertha Sheldon, a stenographer this morning. He was infatuated with the girl. She repulsed him. A bullet aimed at her did not do serious damage. He then turned the pistol on himself with fatal effect.

RATHER COSTLY

Is England's Little South African Deal and Chamberlain is Willing to Do a Little "Four Flushing."

LONDON, NOV. 21.—PARLIAMENTARY PAPERS WERE ISSUED THIS MORNING CONTAINING COLONIAL SECRETARY CHAMBERLAIN'S REPLY TO AN APPEAL OF THE BOERS FOR MORE RELIEF. THE COLONIAL SECRETARY SAYS THAT IN ADDITION TO THREE MILLION POUNDS FREE GRANT, THE BURGHERS CAMPS SINCE THE CLOSE OF THE WAR, HAVE BEEN TRANSFORMED INTO ORGANIZATIONS, ENABLING THE PEOPLE TO RETURN TO THEIR HOMES. THESE ORGANIZATIONS, HE SAYS, HAVE COST GREAT BRITAIN 200,000 POUNDS MONTHLY. CHAMBERLAIN SUGGESTS THAT LARGE SUMS WERE REMITTED FROM SOUTH AFRICA TO EUROPE DURING THE WAR, TO BE EXPENDED IN THE INTERESTS OF THE REPUBLIC. OF THESE AMOUNTS HE SAYS, THERE MUST BE A LARGE BALANCE REMAINING, WHICH SHOULD PROPERLY COME TO THE BRITISH GOVERNMENT AS THE SUCCESSOR OF THE REPUBLIC.

FAITHFUL THEODORE LEARNS SOMETHING.

His Southern Trip Causes a Sudden Change in a Few Ideas.

Washington, Nov. 21.—President Roosevelt is quoted today as saying that he was able to study the south at close range for the first time in his life and it may be said that his ideas on some subjects have undergone a change. He is just as determined, however, to hold a firm hand on the reins governing the federal office holder of the south. He admits negroes are not fit to be the guiding force in the state in which they predominate but at the same time he is resolved that all hope of office and political reward shall not be taken from them. There are certain offices that colored men can fill well and it is his intention to give these places to them. President Roosevelt returned from his Southern trip this morning the special train bearing him reached Washington at 7.57, three minutes ahead of schedule time.

NO CHILD UNDER 15

Should be Permitted to Engage in Mining, According to the Testimony of Dr. Gibbs, Before Commission.

Scranton, Nov. 21.—The anthracite commission may adjourn after today until Monday owing to the fact that president Mitchell is unable at this time to present documentary evidence which he is securing. Dr. Gibbs the first witness today, enumerated many illnesses resulting from mining. The witness expressed an opinion that those who suffer from miners asthma had a predisposition to bronchial or lung affections before entering the mines. Dr. Gibbs said that no child under age of 15 should be permitted to engage in mining and that all those who sought employment in coal mining should be first subject to a medical examination.

AN EXTRA SESSION MAY BE NECESSARY

To Consider the All Important Matter of Tariff Revision.

Washington, Nov. 21.—The president's message was the principal topic of today's cabinet session. The document which will go to congress one week from next Monday or Tuesday, now practically completed and at the meeting today the president read a portion of it to his advisors from proof sheets sent up from the government printing office. The matter of tariff revision which may prove of sufficient importance to compel President Roosevelt to call an extra session of congress after the fourth of March was gone over at this morning's session very thoroughly.

DIVIDEND Will be Paid December 15 on Standard Stock.

New York, Nov. 21.—John D. Rockefeller has announced a dividend of \$10 a share on Standard Oil stock, making \$10,000,000 to be paid to his friends on December 15. This makes a total of \$45,000,000 for the year, against \$45,000,000 last year, making over \$100,000,000 paid out in ten years. The dividend this year is said to be due to the expenditure of \$15,000,000 in the new Texas and Kentucky fields. The oil trust produces no oil, but sells it all. The trust paid \$45,000,000 in 1906 and \$32,000,000 in 1907. Between 1891 and 1899 it was split into separate companies for each of the states, in which it operated, owing to the anti-trust laws, so that the dividends, being distributed so widely, did not look so imposing, but they were to the same men as now receive them, and were at about the present time.

While the Grant county field has not been so productive of good wells during the month as indications previously would have seemed to warrant, there are a number of new ones much better than has been the general average, and when the monthly report is compiled it will undoubtedly be found that Grant has well retained its position as the banner county of the Hoosier field.

In the west Marion field, where a large producer is now somewhat of a novelty, the Marion Fruit Jar Company has a good one at No. 11, M. L. Dodds, section 12, Franklin, the first day's output being 90 bbls. The same company's No. 9 on the P. Kiley lease, in section 13 Franklin, was a 5-bbl well.

In the Jonesboro field, Cheyront, Munn & Stranahan have encountered a duster at their No. 4 on the F. Schepeler farm, section 32 Mill township, in the same section, the Ohio Oil Co.'s No. 3 R. J. Spencer was a 5-barrel well. The Ohio has a 100,000 ft gasser at No. 2 Jesse D. Wright, section 29 Mill, and a 25-bbl well in No. 7 Daniel W. Hart. The American Tinplate company's test on the company's fee property in section 3 Mill resulted in a 10-bbl well.

In Center township, east of the Soldiers home, there are more good wells. The Heavy Oil company has a 50-bbl producer at No. 1 on the E. Van Vactor farm in section 16 Center. This was drilled over before, but never paid out. Caldwell, Hamsher & Co., have a 30-bbl at No. 1 Jesse W. Nelson, in section 21, and on the Wm. S. Davis farm, in section 19, Alvi T. Baldwin's No. 3 well was of the same size.

The Ohio Oil company has four wells in Center township, two on the Marion Brick Works tract, section 20, making 20 and 45 bbls respectively. On the M. F. Painter farm, same

section, the first well was good for 15 bbls, and in section 19, the third venture on the O. S. Davis farm resulted in a duster.

There are not many large wells reported from Washington township, the best of a quartet of new ones being the Brann Oil company's No. 1 on the Wm. Boller farm, section 13, which started at 40 bbls. The Southwestern Petroleum company's No. 3 H. M. Creviston, section 11, was a 25-barrel well. On the Levi White farm in section 12, Bayless & Haskell completed No. 3 well, which was a 10-barrel, and on the same man's farm in section 2, this firm's No. 2 well was a 20 bbl producer.

The Ohio Oil company has a good producer in No. 4 well on the M. C. Beekman farm, Van Buren township, the first day's output having been 60 bbls.

Northeast of Warren, in section 12 of Salamonie township, Huntington county, the Ohio Oil company has completed a test well on the G. H. Thompson farm, which started producing at the rate of 60 bbls in 24 hours.

In Jefferson township the Central Oil company's Nos. 4 and 5 on the Wm. A. Cramer farm, section 29, produced 20 and 25 bbls respectively, and the Ohio Oil Co.'s Peter Gandy, section 31, was a 20-bbl well.

THREE WELLS

In Wells County are Much Above the Average.

The record for a steady run of big producers is being splendidly maintained by Wells county, and this district will hustle Grant for the highest production on the month. Three wells lately secured by the Ohio Oil company in Jackson township are much above the ordinary, the best being No. 8 on the Wm. E. Beavens farm, in section 10, which produced 150 bbls the first 24 hours after shot. On the Wm. Booher farm, section 22, the Ohio's No. 8 well was good for 125 bbls, and No. 35 on the S. A. Pulk section 11 started at 90 bbls. In section 3, Campbell & Wherry have a 40-bbl well at No. 13 Levi Huffman, and in section 28, Campbell & Binges' No. 7 P. Kilander was good for 20 bbls.

Your Liver

Hood's Pills

Sold by all druggists. 25 cents.

In Nottingham township the wells are not so good, the best of four new ones being the Nottingham Oil company's test on the F. Kirkwood farm, section 23, which made 35 bbls the first day. The Jerome Oil Co.'s No. 5 H. P. Books, section 24, was a 25-bbl producer; the Northern Indiana Oil Co.'s No. 17 George Upstegraf, section 25, started at 20, and the Ohio Oil Co.'s No. 13 C. Ifer, section 27, was a 5-barrel well.

OTHER WORK

In Various Pools of the Indiana Oil Field.

Late results in Blackford county have not been of more than the usual interest. In section 15 of Washington township, John F. Rauder has a fair well at No. 2 H. L. Wheeler, which made 15 bbls naturally the first 24 hours. The Phoenix Oil company's No. 3 S. Pearson, section 18, was good for 30 bbls, and the J. B. Mayer Oil Co.'s No. 2 S. Gettys, section 29, started at 20.

The Ohio Oil company has a 60-bbl producer at No. 9 J. Shrader, section 15 Washington; a 30-bbl well in No. 1 Charles Kirkwood, section 6, and a salt water pumper at No. 3 J. E. Winget, section 2.

The Central Western Oil company struck a good well at No. 7 on the M. Miller farm, in section 36 of Monroe township, Adams county. Its production the first 24 hours after shot was 100 bbls.

In Walash township, A. P. Hardison & Co., have a 75-bbl well at No. 1 on the A. P. Hardison farm, section 29.

The Sun Oil company drilled a duster at No. 3 on the Wm. Hopemore farm, in section 4 Jefferson, and McKissick & Argue's No. 1 L. Fogle, section 18, was good for 10 bbls.

In Hartford township, the Hartford Oil company's No. 4 Nancy Yost, section 22, made 20 bbls the first 24 hours.

In the Blue Creek township field the Central Western Oil company has another good well at No. 3, M. Burdge, section 31, the first day's output having been 50 barrels. The Superior Oil company's No. 4 J. K. Burden, section 29, was a 20 barrel well, and the Cleveland-Willshire Oil company's No. 1 on the W. O. Myers farm, section 9, made only 5 barrels the first day.

Two more dusters are added to the long list in Van Buren township of Madison county, one being the Fairmount Glass company's No. 4, I. N. Snider section 8, while the other was the Crystal Window Glass company's No. 5, J. M. Jones, in section 21.

The Woodbury Glass company has a big gasser on the Wm. H. James farm, in section 3, of Monroe township, Randolph county. It was estimated at 2,000,000 feet. In the same section the Ohio & Indiana Oil company's No. 1, on the W. A. Van Pett farm, was a duster.

Stepped Against a Hot Love.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in her house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Wm. M. Melville, old postoffice corner.

NOTICE TO WATER CONSUMERS.

The delinquent list of water consumers has been made up and ready to certify to the Auditor to be placed upon the duplicate for collection and will be certified, not later than Dec. 1st, 1902.

Those paying before that date can have their names taken off the list, otherwise they will find the amount due at the Treasurer's office with the additional ten per cent penalty added to their December taxes.

All delinquent matters in this department of the City must be settled up preparatory to the taking effect of the New Municipal Code.

A Startling Surprise.
Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Chamberlain's Kidney Pills. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 50c at H. F. COUNCIL CAN DO NOTHING

Toward Redistricting the City Until
After December 15.

Lima is Not Yet a City According to a Thirty-
Day Clause in the New Municipal Code
Bill. New Features Found.

The board of aldermen of Toledo seems to have been a little too previous in the passage of an ordinance redistricting the city under the provisions of the new code. Monday night an ordinance subdividing the Frog city into 13 new wards and establishing their boundaries was introduced in the board and passed the same night.

The members of the board appear to have overlooked a bit in their haste, and they will probably have to retrace their steps, introduce a new ordinance and pass it over again.

While the new code authorizes the municipalities to create and establish municipalities (create and establish and by which this shall be done is provided, apparently does not take effect until the first Monday in May, 1903. Among the sections repealed to take effect next May is section 1629 of the Revised Statutes, the provision of which are now and will until May, 1903, remain in full force and effect.

Section 1629 lays down the rule of procedure by which new wards may be created and their boundaries established, and council should follow this mode of procedure.

Must Give Three Week's Notice.

Section 1629 provides as follows: Sec. 1629. When such ordinance (to redistrict the city) is introduced the council shall, by resolution, require the clerk to give notice of its pendency, and of the proposed change, increase or reduction of boundaries, in some newspaper published, and of general circulation in the corporation for the period of three consecutive weeks prior to any action upon the ordinance.

The board of aldermen of Toledo neglected to have such notice published, therefore the passage of the ordinance Monday night, it is claimed, was illegal.

Of General Application.

Section 1629 is a part of an act passed years ago to govern the procedure of the legislative bodies of all municipalities of the state in the matter of redistricting, and applies to Lima as well as to Toledo and every other municipality in the state. It was amended Feb. 24, 1893, so as to allow

Toledo, to take in new territory and redistrict the city without publishing such notice, but the amendment only applied to Toledo, and for the single purpose indicated. The original act still stands and must be observed by all municipalities, including Toledo and Lima, in passing the redistricting ordinance under the new code.

Another Point Raised.

Judge Seney, of Toledo, raised another point of interest to the people of this city, and if his construction of the law is correct the Columbus city council acted too hastily and without authority when it appointed a committee Monday night to redistrict the city under authority of the new code. Judge Seney holds that the code will not go into effect, even so far as to enable the council to begin the work of preparing an ordinance to redistrict until December. The code provides, section 2, that on and after 30 days from Nov. 15 each municipal corporation shall be a city or village in accordance with the provisions of this act. It also provides for the issuance Nov. 15 of a proclamation by the secretary of the state, etc.

Judge Seney holds that "thirty days must elapse before the proclamation becomes effective." If this view is correct Lima will not be a city in law until Dec. 15, and council has no right to presume it is and take any action anticipating that it is in advance of the law going into effect.

Wildermuth Sustains Seney.

Assistant Director of Law Roy L. Wildermuth of Columbus, has been devoting a great deal of time to the work of familiarizing himself with the provisions of the new code and construing it with existing laws which remain unrevoked and other laws, the repeal of which will not go into effect until May 1903.

Mr. Wildermuth is of the same opinion as Judge Seney, of Toledo, relative to the time at which the new code takes effect in so far as it enables present councils to take any action authorized by it. He unhesitatingly gives it as his opinion that 30 days must elapse after Nov. 15 (last Saturday) before council can take any action in accordance with the provisions of the code.

The Best Remedy for Croup.

From the Atchison, Kan., Daily Globe. This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as live syring and toul, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker and gives relief in a short time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by Wm. M. Melville, old postoffice corner.

"THE DAYTON"

Will Grace the Home of Mrs. Mary Winemiller.

The Faure Opera House was crowded at Big Drawing Given by Porter & Son.

"The Dayton" received a great ovation at Faure opera house last night. Two thousand persons tried to crowd into the doors to listen to the musical program provided for them by Porter & Son, and to witness the drawing for the handsome \$350 piano, given away absolutely free, by this enterprising firm. The "Dayton" as are such world famous pianos as the Geo. Steck & Co., Everett, Smith & Nixon, J. & C. Fischer, Haines, Ebersole and many others, is handled only in northwestern Ohio by Porter & Son.

After a brief introductory from Col. Forter, the Arion orchestra, "imported from Italy for the occasion," as was announced by him, rendered several selections. Mr. Forter introduced the four newspaper representatives who acted as judges. You could have heard a pin drop in the crowded house as number after number was called, until the luck 25th was reached, No. 288. That number presented to Mrs. Mary Winemiller, of 727 east High street, the handsome "Dayton" which graced the stage, and was admired by the hundreds who were present.

As the big crowd passed slowly out the doors, the name, B. S. Porter & Son, was on every tongue, and the firm was voted the best of entertainers, the most liberal of dealers, and the place where you get pianos of the greatest variety of makes in the country, and Mr. Porter also announced that each coupon held in the drawing was worth \$10 to the possessor on the purchase of a piano at their store, where the "easy payment" plan is always in vogue.

Mighty Effort

Made to Relieve the Conjection

In Freight Traffic That is Blockading All of the Railroads.

Pennsylvania Company Moving Miles of Cars Every Day—General News of the Local Railroads.

A dispatch from Pittsburgh, concerning the efforts that are being made to relieve the freight blockade, says: "The efforts of the railroads to relieve the freight congestion here were retarded last night and today by a dense fog, which enveloped the city and surrounding districts, making it almost impossible to move trains with safety. Official figures given out of the great work done yesterday in moving trains are:

Allegheny yards, 70 trains, carrying 3,500 cars, handled; Conway yards, 97 trains, comprising 4,220 cars; Wells ville, O., yards, 39 trains, hauling in all 1,279 cars; Cleveland, O., 42 trains, 930 cars; Alliance, O., 50 trains, 920 cars.

In and out of Chicago 23 trains, carrying 759 cars, were moved. At Ft. Wayne, Ind., 26 trains, 695 cars.

On the Pittsburgh Division of the Pan Handle 120 trains, carrying 3,000 cars, were handled; the Pennsylvania lines east moved about 100 trains of between 4,500 and 5,000 cars. The Baltimore and Ohio succeeded in handling about 4,000 cars. The Pittsburgh and Lake Erie road moved 4,600 cars.

It is estimated that fully 750,000 tons of freight were handled.

A. B. Starr, General Superintendent of Transportation of the Pennsylvania, says that there are about 15,000 cars tied up in the Pennsylvania lines in the Pittsburgh district. A perceptible improvement has already been made on the choked lines, he says, and with patience on the part of the public, together with a continuance of the energy now being put forth by the railroads, the trouble will be greatly alleviated in the near future."

Germany Gets Rail Road.

Montreal, Que., Nov. 21.—MacKenzie, Mann & Co., owners of the Canadian Northern railway and a railway in Nova Scotia, have just closed with German railmakers for 40,000 tons of rails and fastenings. This is the largest single order ever sent out of Canada, and competition for it was keen. The Grand Trunk and Canadian Pacific railroads have recently placed large contracts with German makers, the last-named road ordering some around the Horn to Vancouver.

Rushing Tacoma Cut-off.

Tacoma, Wash., Nov. 21.—The Northern Pacific has given orders to rush work on the 22-mile branch line to be built from Coulee City, the western terminus of the Washington Central, to Adrian on the main line of the Great Northern. This cut-off was promised last summer by President Mellen to provide a shorter outlet from the grain fields of Central Washington to the market at Tacoma. The contractors have shipped their outfits from St. Paul and active work will soon begin. The line will run through a rough country, but it is intended to have it finished in time to haul out a portion of this year's crop over it.

Thanksgiving Bargains In Our

GREAT ANNIVERSARY SALE.

The whole United States is busy with preparations for the nation's coming great holiday—Thanksgiving—and we are helping in the good work by providing, in our Anniversary Sale, the needed things at prices that will prove no barrier to the most economical. In the matter of dress, home furnishings and especially table decorations, this sale affords you widest and best choice without piling on an exorbitant profit.

Another Great Friday and Saturday List of Anniversary Sale Bargains.

Today and tomorrow will doubtless be the greatest days of this great sale, but we have arranged to have an extra force of clerks so that the crowds of eager purchasers may be accommodated with the least possible delay. All this week our force of help has not been able to take care of the crowds as expeditiously as we should have liked to, but all that will be obviated today and tomorrow. And, as an extra attraction, we will offer on these two days some very special values—such values as will make the entire store bristle with bargains of the most worthy sort.

Thanksgiving Millinery Bargains.

Friday and Saturday are the days many a busy woman has left for her Thanksgiving shopping. We know how it is—so many things come along at this season, all craving attention first. But Friday, and even Saturday, is not too late to choose a tasteful hat. Far from it. In fact the very woman who has postponed making her purchases until now, will find here some very special inducements that will more than recompense her for worry she may have had on account of the lateness of the day. Every piece of millinery in this busy department has been put under the low price pressure and is now ready for these eager purchasers at extremely low figures. Below will be found a short list of special bargains, but to secure anything like a proper conception of what these Thanksgiving Bargains are you need to come and see the many pretty things we have for your selection.

320 ladies' untrimmed Walking Hats, excellent styles, all this season's goods, regular price \$1.25 and 1.50, for this Anniversary Sale at 75c each.
100 children's handsome Ready-to-Wear Hats, splendid styles, worth 75c, tomorrow at 35c each.

Are You Out of it? Here is your chance, Then: Munyon's Witch Hazel Soap. At 8c Again, Instead of 15.

Every mother who desires her baby to have only the purest soap; every woman who desires a better complexion, or who wishes to preserve an already good one; every person afflicted with pimples, blackheads or facial blemishes of any kind; every one desirous of curing skin disorders, dandruff or falling hair, will hail this announcement with gratification.

Hundreds of cakes of Munyon's Witch Hazel Soap were sold at our previous soap sales at half price. Those who neglected to take advantage of the opportunity have found since that they must pay 15c a cake for the soap, which is better than imported soaps at five times the price, and purer than any soap on the market.

Now they have a chance to take advantage of a very special occasion.

Tomorrow we will sell this wonderful soap, which is cheap at 15 cents, at almost half price—8 cents a cake.

We would advise all to take advantage of this offer while it is open. Only 8c a cake tomorrow.

ROYALTY OUTSHONE

By the Gorgeous Array of Gems and Gowns Which Will be Worn

When the Leiters Go to India.

Some Idea of the Lavishness of the Trip Can be Obtained from the Statement That the Insurance on the Baggage Alone Will Reach \$2,000,000.

London, Nov. 21.—No royalty personage of modern times ever carried such an extensive wardrobe on their travels as that which Mrs. Leiter and her daughter, Miss Daisy, carry with them to India, where they are to be the guests of Lady Curzon, nee Miss Mary Leiter, during the approaching Durbar festivities. Members of the British royal family will be present at Delhi, together with many of the nobility, but it is safe to assert that the costumes and jewels of all of these will be eclipsed by the trappings of the two American women who, as members of the viceregal family, will be central figures at the festivities.

Mrs. Leiter and her daughter were passengers on the Peninsular and Oriental liner China, which sailed for India today. During the past two days van after van has been driven to the P. & O. docks loaded with trunks belonging to the Leiters. It is stated as a matter of fact that the baggage of these two women numbers more than 200 pieces. The many

trunks are said to contain more than 100 separate costumes, to say nothing of the smaller pieces of finery. All of these costumes have been made in Paris or London. Among them are a dozen lace gowns that have occupied years of the lives of lace makers, and also several white satin gowns embroidered in jewels. These are in addition to the regulation court robes that are taken along. Then there are the strong boxes containing the Leiter jewels, and an idea of the value of this part of the baggage may be had from the statement that the insurance aggregates \$2,000,000. One rope of rubies alone is worth hundreds of thousands of dollars. To this is added five diamond necklaces and long ropes of pearls, with a dozen diamond brooches and pendants and a coronet of diamonds and other rare jewels of fabulous value.

When Mrs. Leiter and Miss Leiter reach Simla, where the summer palace of the Viceroy is located, they will be met by an escort, who with imposing grandeur will accompany them to Delhi.

Vital Food

The uses of Hagee's Cordial of Cod Liver Oil (of pure fish and cod) are almost without number. It is nearer a "cure all" than anything else—alterative, nutritive, reconstructive, revitalizer.

It cures Coughs, Colds, La Grippe, Weak Lungs, Bronchitis, Consumption, Catarrhal Conditions, Nervousness, Sleeplessness, Indigestion, Mal-assimilation, Rheumatism, Skin Diseases, Pimples, Blisters, Weakened Conditions following fevers, Impoverished Blood—makes more and better flesh.

Hagee's Cordial cures at once, because there is no grease in it to disorder the stomach. The grease is extracted by a new, scientific process and the valuable revitalizing and restorative properties are retained in such a form that they are at once applied to making new blood, tissue, flesh. Sold by all druggists.

BRAKEMAN

Made an Unusual Find on an Erie Train.

Dress Suit Case Contained a Live Infant

Which the Circumstances Show Had Been Purposely Abandoned by an Unknown Person.

Upon the arrival of many of the passenger trains in the Windy City passengers, in their hurry, often forget a part of their belongings and leave them to the employees on the road for disposition. It is seldom, however, that there is such a valuable package as that found Wednesday morning by brakeman Jake Wall, of this city, shortly after the arrival of his train at the Polk street depot in Marion.

Wednesday morning in Chicago, says the Marion Mirror, the passengers had all left train No. 7 and the brakeman was making his usual trip through the coaches to see if anything of value had been left on the train when the conductor called his attention to a dress suit case occupying a secluded spot between two seats. It was suggested that in case it was called for the same might be delivered to the owner. Mr. Wall fished up the baggage in question and at once said: "There's something alive in this one." He and the conductor, thinking that probably some forgetful woman had taken that

means to smuggle a poodle dog through in order to avoid paying express charges, carried the case to the baggage room where it was opened.

It did not contain any poodle dog as was expected, but instead there was found a little baby, who made the trip from (heaven knows where) without so much as a murmur. The child was awake, probably due to the handling of the grip, and after taking in the situation smiled, that being the only way the little one had to express its appreciation of the new surroundings, and for being again permitted to breathe the pure air. In the case was found a note which read: "Her name is Gertrude and she is four days old. The daughter of a widow. The finder provide a good home for the little one." The child was neatly dressed and in the case were found several holes which provided the infant with enough fresh air to keep it alive.

The baby was taken by the trainmen to their boarding house where it was put in charge of the landlady for the time being, until some one might be found to care for it. This proved to be no great task. In the boarding house where the little one was taken resided a young married couple who had just recently buried their only child and they were very glad to take the little outcast to raise. The forsaken passenger of train No. 7 having been provided with a good home. Mr. Wall and the other trainmen were relieved of their responsibility and were contented to take their regular runout of Chicago arriving in Marion Thursday noon. In the future, now every dress suit case containing air holes and seemingly occupied by something which has life will be handled with the greatest care and it will be even betw whether it contains a poodle dog or a baby.

No member of the crew had the slightest idea how or when the case containing the child was put on the train.

PUTTING IT STRONG

Stuart's Dyspepsia Tablets. This may read as though we were putting it a little strong, because it is generally thought by the majority of people that Dyspepsia is its chronic form is incurable or practically so. But we have long since shown that Dyspepsia is curable, nor is it such a difficult matter as at first appears.

The trouble with Dyspepsia is that they are continually doing, starving themselves, or going to opposite extremes or else deluging the already overburdened stomach with "bitters" "after dinner pills," etc., which invariably increases the difficulty even if in some cases they do give a slight temporary relief. Such treatment of the stomach simply makes matters worse. What the stomach wants is a rest. Now how can the stomach become rested, recuperated and at the same time the body nourished and sustained.

There is a great secret and this is also the secret of the uniform success of Stuart's Dyspepsia Tablets. This is a comparatively new remedy but its success and popularity leaves no doubt as to its merit.

The Tablets will digest the food anyway, regardless of condition of stomach.

The sufferer from Dyspepsia according to directions, is to eat an abundance of good wholesome food and use the tablets before and after each meal and the result will be that the food will be digested no matter how bad your Dyspepsia may be, because, as before stated, the tablets will digest the food even if the stomach is wholly inactive. To illustrate our meaning plainly, if you take 1,500 grains of meat, eggs or ordinary food and place it in a temperature of 98 degrees, and put with it one of Stuart's Dyspepsia Tablets it will digest the meat or eggs almost as perfectly as if the meat was enclosed within the stomach.

The stomach may be ever so weak yet these tablets will perform the work of digestion and the body and brain will be properly nourished and at the same time a radical, lasting cure of Dyspepsia will be made because the much abused stomach will be given, to some extent, a much needed rest. Your druggist will tell you that of all the many remedies advertised to cure Dyspepsia none of them have given so complete and general satisfaction as Stuart's Dyspepsia Tablets and not least in importance in these hard times is the fact that they are also the cheapest and give the most good for the least money.

THE STAGE

Gertrude Coghlan will appear at the Faurot opera house tonight in a dramatization of Maurice Thompson's popular American novel, "Alice of Old Vincennes." The production is a superb one, and is declared to be one of the most beautiful ever seen upon the stage. Mr. Rose, who dramatized the novel, has dramatized many works of fiction, but never before with such eminent success as in the present instance. "Alice" is one of the few novels that has suffered in transplanting to the stage, but has all the charm, vigor, flavor and excitement of the book. The plot is founded on the capture from the British of the fort at Vincennes by General George Rogers Clarke, and a body of American soldiers. The advance sale is very large.

"Foxy Grandpa" comes to Faurot's opera house tomorrow afternoon and evening with thirty entertainers, combined in Wm. A. Brady's delightful blending of wholesome fun and sparkling melody. The popularity of the "Foxy Grandpa" comic sketches has been even surpassed by that of the stage version which depicts the happy old man and his joke-loving grandsons in a kaleidoscopic whirl of funny adventures. Mr. Brady has selected the prettiest of girls, the cleverest of specialty people and provided an entire new equipment of scenery and costumes. It has run for six months in the Fourteenth street theatre, New York, and has gained tremendous popularity, among the young and old in every one of the great cities.

When the curtain goes up at the opening of the Wilbur Opera company engagement in the opera house next Monday night, it is promised that we shall see the most brilliant setting, as to feminine beauty, costumes, etc., that the Wilbur ever have shown us. There are more singers, better comedians, a larger number of operas and more striking vaudeville features between the acts than the Wilbur company ever brought in former seasons. So says Manager Fullwood, and reports from other cities where the entertainment has been given, bear out his assertion.

CHANGES IN THE RATES

For Carrying Various Kinds of Matter in the Mails.

The Assistant Postmaster General Wants to Raise the Rate Per Pound on Fake Periodicals and Kindred Publications.

Washington, Nov. 21.—Edwin C. Madden, third assistant postmaster general, in his annual report made public yesterday, recommends the establishment of the following new postage rates:

A new rate at four cents a pound for all publications now admitted to the second class mail, except daily, tri-weekly, semi-weekly and weekly newspapers, in the general understood sense of the word "newspaper." This rate is to be paid on the bulk weight without regard to the number of pieces, the same as is now the case under the pound rate.

That in the third and fourth classes of mail matter the postage thereon be at the rate of one cent for each two ounces or fraction thereof, to be paid by stamps affixed.

Congress also is asked to authorize the postmaster general to accept, under suitable regulations, mailings of large quantities of identical pieces of printed matter and small articles of merchandise without the necessity of affixing postage stamps to the individual pieces.

The recommendation for the four cents a pound rate is an outgrowth of the investigation into the abuse of the second class mail privileges. Mr. Madden says that many of the cheaper class of periodicals would be given away if the law would permit. The practice, it is said, is to maintain the fiction of a subscription price and to give back its equivalent in a premium.

The solution of the whole problem, he says, is that a new postage rate be created and applied to all publications now admitted to the second class, except daily, tri-weekly, semi-weekly and weekly newspapers, in the sense of the word newspaper as generally understood. Mr. Madden says:

"No one will question the public benefit of genuine newspapers, and for these an absolutely free rate might be granted if the privilege could be properly confined. But I am constrained to say that it is unjustifiable to longer tax the people for any part of the cost of distribution in the mails of any other class of periodical publications."

WEAK NERVES

Are generally caused by the blood becoming impure thereby depriving them of the proper strengthening nourishment. To cure weak nerves you must, therefore, first purify and cleanse the blood. Then you need Hostetter's Stomach Bitters. It will perfect the digestion, make an abundance of healthy blood, strengthen the nerves and cure Dyspepsia, Constipation, Biliousness and Malaria. Try it and be convinced.

HOSTETTER'S STOMACH BITTERS

A "Man of Steady Habits." It was a very busy man who met an acquaintance on the street the other day. "I thought you told me that I was a man of steady habits," were his first words following the usual salutation. "I said I required a man of absolutely steady habits, and you were very positive in your assurance that the man in question was such a one."

"Well, has he proved otherwise?" "Why, man, he is drunk all of the time; in fact, I do not think he has drawn a sober breath since he has been with me."

"Then what are you jumping on me for? Your own statement bears out just what I told you about him. I have known D. for the past ten months, and I know that he has been drunk during all of that period, and if that isn't being a 'man of steady habits' I'd like to know what it is."—New York Times.

SCROFULA

Is an hereditary disease, and one for which a tainted ancestry or blood poison is responsible. It is transmitted through the blood and shows itself in swelling and ulceration of the glands of the neck, catarrh of the head, weak eyes, sores, abscesses and skin eruptions, with a gradual wasting away of strength and vitality. It also attacks the bones and joints, resulting in white swelling, hip disease and deformities of every kind. We see the effects of this awful blood taint every day, but it exists in so many forms that often it passes for something else and is treated as another disease.

Scrofula robs the blood of its nutritive qualities, and it becomes too poor to produce healthy growth and development, and thin, emaciated bodies of a feeble constitution.

Only a constitutional remedy, one that works through the blood, can reach a disease that has been transmitted through generations or been lurking in the blood since birth.

S. S. S. cleanses the blood of all scrofulous matter and tubercular deposits, and when rich, pure, health-sustaining blood is again flowing in the veins there is a general disappearance of all the dangerous symptoms of Scrofula; strength returns, and a complete cure is effected.

S. S. S. contains no strong minerals to further break down and derange the system, but can be taken by the very old, as well as the middle aged and young, without any harmful after-effects, or the least injury to the most delicate constitution.

If you have any signs of Scrofula, or your children are stunted or slow of growth, pale and sickly, write us, and our physicians will advise you free of charge.

STATE

Has Butler Up for Trial.

Makes a Plea

That His Sister Found the Watch

Which He Pawned at the Second Hand Store After the Robbery.

The Charge Against Him is Burglarizing the Hersberg Home on West Spring Street—Other Court News.

Charles Butler, another of the colored prisoners, who was indicted by the grand jury, was brought out for trial today. He is held to answer for the robbery of the Hersberg home on west Spring street on the night of March 31.

The statement made by the state, through Prosecutor Klinger, is that the family were absent from home and sometime during the early part of the night, some one broke into the house through a cellar window and stole three watches and \$13 in money, the total value being about \$128.

There was no clew to the burglary obtained for a month or more, but finally a watch was pawned at Reel's second hand store which was identified as one stolen from the Hersberg home. It was found that Butler had it in his possession and that furthermore, he had but recently taken a trip to Detroit and Indianapolis. With these circumstances against him, Butler was arrested.

He being defended by attorney Sprague and makes the defense that his little sister found the watch and Butler got possession of it through her.

Caught in the Oil Field.
Harry Martin was arrested by deputy sheriff Frest on the Cotner

farm yesterday and brought to jail to await the arrival of the sheriff from Montgomery county.

Martin was arrested on the charge of assault and battery and pleaded not guilty. He was bonded over to the grand jury, but bail was furnished by a surety firm and Martin was released. He returned to Lima and when he failed to respond to the call of the court an agent of the company took the matter up and finally traced him here. A call was made at Martin's home but the officers were informed that he had left for good.

A clew led to his presence on the Cotner farm, where he was working in the oil field and he will now go back to Dayton with a double charge against him. His first offense was an alleged assault on a woman at Dayton, whom Martin is said to have hit with a plate while he was employed as a waiter in a restaurant.

Verdict Reversed.
The supreme court has reversed the verdict in the damage suit of Margaret Little vs. the Lima Electric Light & Power Co. The plaintiff was awarded a judgment for \$5,027.08 by the petit jury for injuries received, but the reversal of that verdict means another trial of the case.

Mrs. Little was injured at the transfer station while on her way to her home on Bellefontaine avenue. She was getting on the car, and fell, sustaining some injury. Ridenour & Halfhill conducted the damage suit and W. J. Ritchie and W. H. Leete represented the defendant.

The mandate from the supreme court has not been received and the reason for the reversal is not definitely known.

FINE STUDIO

Of Music Has Been Opened by Earl D. Bussert.

Earl D. Bussert, one of Lima's most thorough and accomplished musicians, has opened a very attractive and splendidly equipped studio of music in the Boone block, at 57 public square over the Cover hardware store. Mr. Bussert has gained recognition and popularity during the last few years by reason of his rare ability as a soloist and master of the violin. He will devote most of his attention as a teacher, however, to the guitar, mandolin and banjo. He is an excellent young man as well as an accomplished musician, and his success in the realm of music is assured.

TO THE COURTS

The Western Ohio Co., Will Go to Get Rights of Way.

Next week five or six suits will be instituted by the Western Ohio Railway Company to condemn properties between Findlay and Bluffton on the right of way of the proposed electric line. T. J. Maple, of Lima, right of way representative of the company, stated that he has settled up about a half dozen right of way disputes of long standing in the last few days, but that the remainder of the lands necessary for the filing out of the complete route must be secured through the courts. Representatives of the company state that they have encountered more resistance to their demands for contracts in Hancock county than in any other district through which any one of their completed or proposed lines exist.—Findlay Republican.

ATTACK

Made on the Dow Tax Collection.

Question of Legality Raised in a Petition

Filed Yesterday Afternoon on Behalf of J. T. Talmage, Who Does Business in the Village of Hume.

It will probably be up to Lima to establish the validity of the law covering the collection of the Dow tax against those who have been listed by the auditor of state.

J. T. Talmage proprietor of a small establishment in the village of Hume, where cigars and soft drinks are sold, has protested against the assessment of \$350 against him at the auditor's office, and makes Treasurer Gensel the defendant in a petition filed yesterday.

Mr. Talmage denies that he has done any trafficking in intoxicating liquors and in that respect his case differs from the score of others who have been selling beer and whiskey in houses of ill fame in Lima. He contends that the assessment and penalty of 20 per cent has been wrongfully charged and that he is not liable for the tax the state desires he should pay.

Incidentally, the petition makes an attack on the law itself and in addition to the protection it offers Talmage, will open the question as to whether the collection is legal in any respect. The law is declared to be unconstitutional and void and for that reason if for no other the plaintiff is not liable.

Mine Host Hoagland.
Deputy Mose Hoagland, of the probate judge's office, has made preparations to entertain a few of his friends at a stag affair this evening. There will be a season of cecube at the west Market street home to decide several doubtful questions of superiority.

Bailey Found Guilty.
It took the jury about six hours to agree on the case against Billie Bailey who was indicted by the grand jury and held to answer for highway robbery. As has been frequently stated, Bailey held up Clinton Erman, who was operating a lemonade stand at the fair grounds and relieved him of his day's receipts, a revolver and other valuables.

He was caught on Union street by detective Hugh Patton and officer Fenstermaker, and made an attempt to draw a gun, but was overcome and landed at the station. There was a question of identity but the jury finally got together and Bailey is now awaiting the mercy of the court.

WAS BALD SIX YEARS.

Three Months of the New Scientific Treatment Restored His Hair.

Baldness is caused by dandruff, which is caused by a germ. Kill the germ and there is almost certainty that hair will grow again. If the follicle has not been totally destroyed, Nels Peterson of Lima Spur, Mont., says: "I had been bald six years, and had tried all kinds of 'cures,' but without any benefit whatever, until I tried Herpelide, November 16, 1899. I began using Herpelide, and in three months a fine growth of hair covered my head completely." Ask your druggist for Herpelide. Everybody can have luxuriant, glossy hair, if Herpelide is used thoroughly. Take no substitute.

Send 10 cents in stamps for sample. The Herpelide Co., Detroit, Mich. For sale by Wm. M. Melville, Druggist.

AGREED

To Return the Clothes and Pay all the Costs.

Ray Baker Apprehended at Wooster and Taken Into Custody by Authorities There.

Ray Baker, a young man who, until recently worked on the south side and boarded on east Second street, left the city a few days ago and some clothes belonging to his roommate, J. O. Linderman, disappeared at the same time. Last night he was apprehended and arrested at Wooster, O., but as he has agreed to return the clothes, return borrowed money and pay all the costs in the case he will probably not be brought back to this city.
